⚑ Indian

Objective

Eager to utilize my software development skills in Java, Python, HTML, CSS, JavaScript, and ReactJS, along with web development, AI, and Python experience, to contribute to innovative projects. Seeking opportunities to apply my problem-solving abilities, teamwork, and passion for learning new technologies to deliver high-quality solutions and grow as a software engineer.

Skills

Problem Solving

Programming Languages -Python,Java

Front-end Technology - **HTML,CSS,JavaScript,ReactJS**

Back-end Technology - NodeJS

DataBases - SQL,MongoDB

Other Technologies
ArtificialIntelligence,MachineLearning

Projects

Mental Health Management
Building a model in machine learning
02/2025 – present
The aim is to provide accessible, personalized, and effective mental health support to improve overall well-being. This includes early intervention, enhancing user care, and leveraging data-driven insights for continuous improvement.

Simple Password Generator
During the Oasis InfoByte Internship
08/2024 – 09/2024
The aim of the simple password generator is to create secure, random passwords to enhance online security by utilizing Python. This project demonstrates programming skills and understanding of security principles.

Education

BTech-COMPUTER SCIENCE & TECHNOLOGY
SASI INSTITUE OF TECHNOLOGY & ENGINEERING
11/2022 – present | Tadepalligudem, India
CGPA - 8.26

Intermediate
Sri Chaithanya Jr college
2020 – 2022 | Tadepalligudem, India
CGPA - 7.86

Languages

- English
- Telugu

Internships

Python Development Intern-Oasis InfoByte
08/2024 – 09/2024 | Virtual
Built a simple calculator, random password generator, and currency converter using Python. Gained knowledge in API key integration.

AI Intern -Internship Studio
07/2024 – 09/2024 | Virtual
Implemented Principal Component Analysis (PCA) with Artificial Neural Network (ANN) for face recognition.

Web Development Intern - CODSOFT
07/2024 – 08/2024 | Virtual
Created a personal portfolio, landing page, and a basic calculator using CSS, HTML, and JavaScript.
